

Mission

Executive Services Security Consulting serves as a hub for all security services, ranging from risk assessment and investigations to executive protection and emergency response. Our approach demonstrates proficiency during all phases of the security life cycle with every assignment. The quality and reliable services we provide have resulted in enduring relationships with clients, partners and other affiliates. Core Values:

- Providing superior services that exceed industry standards
- Designing individualized security provisions on a case by case basis
- Acting with integrity while following ethical, social and moral principals
- Promoting training programs for all ESSC personnel
- Representing paramount professionals of diverse expertise
